SALT LAKE CITY.

A Few Observations of That Unique City and the Mormons.

(continued from last week)

As stated in former article, the great Mormon Temple cost four millions of dollars. Forty-one years were required to complete the building, the work beginning in 1852 and continuing until 1893. It is a very large and showy building, with numerous spires towering high above the earth. On the central tower is a gilded figure representing the "Angel Mormon," who is accused of having revealed to Joseph Smith the location of gold plates on which the Book of Mormon is said to have been engraved. The outer walls of the Temple are built of white granite, quarried twenty miles distant, and hauled with ox teams. Three days were required for a round trip of one of these teams, hauling one large block of granite. The walls are 16 feet thick at the base and six feet at the top. No "beethen" has ever been allowed to enter the Temple—none but orthodox Mormons with "sanctified feet," so we were told.

Near the Temple stands another remarkable building, the Mormon Tabernacle. This is one of the largest structures for religious worship in the world. It is 150 x 250 feet and 80 feet high. The roof is oval-shaped and is supported by wooden structure fastened together throughout with wooden pins, as the price of iron was prohibitive at the time (1867-7) the Tabernacle was built. Forty-four large stone piers support the arches of the roof. The acoustic properties of the building are exceptionally fine, the ticking of an ordinary clock being distinctly audible in all parts.

Soft Harness

You can make your harness so soft as to give and as tough as wire by using EUREKA Harness Oil. It is made of the best materials and is the only oil of its kind.

The seating capacity is 12,000. In the west end of the building is one of the finest pipe organs in the world. Its cost was \$125,000, and it was made almost entirely in Salt Lake City. It has 5,000 pipes and 67 stops. By the manipulation of these the organist produces any kind of music desired, imitating bands, orchestras, choirs, etc. Choirs ranging from 400 to 600 voices are used in the services. The organist is one of the best in the entire country and is employed at a high salary. Within two hours after our arrival at Salt Lake City we were attending a service at the Tabernacle. The long-whiskered usher took the Kentucky party away from front, where we could get a good dose. A member of the numerous family of Smith preached a doctrinal sermon. He was evidently talking entirely for the benefit of the hundreds and perhaps thousands of visitors present. Polygamy was not mentioned. He said that Mormons believe and accepted not only the Bible, but also the Book of Mormon.

Salt Lake City has a great many visitors and the Mormon Church takes advantage of this and every other opportunity to disseminate its doctrines. A bureau of information is maintained on Temple Square, where visitors are shown the greatest consideration and courtesy. Their zeal and activity is worthy of a better religion.

One evening while there the church arranged an organ recital for the benefit of the Press Association. The program was made up of selections from works of some of the most famous composers. The rendition on the organ was superb, furnishing a rare treat to all of us. The full choir also had some numbers on the program. Their singing was grand.

In conversation with a citizen who was not a Mormon we were told that polygamy is still practiced there to a very great extent. The plural marriages are performed in secret in a certain building on Temple Square. This gentleman said that even the old women were ardent advocates of polygamy.

There are more Youngs and Smiths around there than anything else, of course. Brigham Young had 16 wives and 58 children. The location of a school house was pointed out where Brigham educated his children. It was a private school, with only his children in attendance. We saw different residences where his wives were domiciled. The hand-

somest residence is known as Amelia Palace, which was built for Amelia, his favorite wife. The Lion House is the name of another of his residences. But the most appropriately named we should say was that called the Bee Hive.

The Book of Mormon is supposed to have been discovered by Joe Smith near his home in the vicinity of Palmyra, N. Y., in 1828, as the result of a vision. And, by the way, Mr. B. F. Thomas, U. S. Engineer at this place, was sent there a good many years ago to investigate the matter and write it up for a newspaper.

Finally driven out of New York, Smith and his followers went to Ohio and soon afterward to Carthage, Ill. Hostilities drove them out there and they made their way to the shores of the Great Salt Lake, of which but little was known at that time.

Polygamy was legalized by the Mormon Church through one of those convenient "revelations" which the head of the church seems to be able to "dig up" just any old time a notion strikes him. Since the law was passed by Congress in 1890 to suppress and prohibit polygamy the Mormons have not been publicly teaching it, but there is no doubt that the practice still continues. Pres. Jos. F. Smith, present head of the church, was surprisingly frank in his testimony before the Senatorial committee in Washington recently. He admitted his own guilt; and when the old bully goat returned to Salt Lake City the five "nannies" and three dozen kids comprising his immediate flock were all out to the station to meet him.

The Mormon Church controls the politics of that place and State. But other religions are gradually gaining a strong foothold in that section. Most of the leading denominations now have congregations and buildings in Salt Lake City.

Great Salt Lake is a few miles distant from the city. This peculiar body of water is about 95 miles long and has an average width of about 50 miles. It has no known outlet, but numerous streams of fresh water flow into it constantly. The water of the lake is impregnated with salt to the extent of 22 per cent. Five buckets of water will make one bucket "heaping full" of pure salt. The fresh water supply does not effect its saline proportion. This lake is said to be slowly but gradually becoming smaller. The extent to which the waters are receding is plainly marked at the principal bathing resort, where

the piling that formerly stood in several feet of water is now almost or quite out.

Saltair, twelve miles from the City, is the largest bathing resort. Here is a fine pavilion and a large bath house. The water is just warm enough to be pleasant and we found the experience of a bath in the lake to be very agreeable and novel. It is almost impossible to sink in that water. With the simple effort of holding the head slightly up, one may float on the back as long as desired. One end or the other is inclined to stay out of the water and some persons appeared to have trouble in keeping the right end out. It must have been where there was a combination of little feet and big head. The water is so strongly impregnated with salt as to be very painful to the eyes, ears and nose. Therefore, bathers seldom indulge in diving. The extent to which salt is present is shown by the fact that traces of salt are plainly visible on the face, body and suits of bathers who allow it to dry. Each dressing room of the bath house is provided with a shower bath of fresh water.

At various points along the lake shore between Ogden and Salt Lake City are seen vast areas devoted to the extraction of salt from the lake water. Shallow reservoirs are built by simply throwing up dirt all around the place. This is pumped full of water and the sun evaporates it. The filling process is repeated two or three times and then the salt is shoveled into cars and shipped. That used for the table and other particular purposes requires re-drying.

DO IT TO DAY.

The time-worn injunction, "Never put off till tomorrow what you can do today," is now generally presented in this form: "Do it today." That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Roscoe's German Syrup, which has been in use for thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size 75c. At all druggists.

Sarah Holcomb, a Kentucky mountain girl, made vicious attack upon Post-office Inspector Oldfield, who had been instrumental in convicting her father of rifling the Government mails, in the United States Court room in Covington. Holcomb had been postmaster at Mauldin, Jackson county, Ky., and it is alleged that Oldfield walked into the post-office one day and caught Holcomb with three letters addressed to other people on his person. He was convicted and the daughter went to Judge Cochran's chambers to plead for mercy. When she came out she went at Oldfield like a tigress and would have done him injury had she not been caught by attendants.—C. J.

Makes a Clean Sweep.
There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Boils, Ulcers, Eruptions and Piles. Is only 25c and guaranteed to give satisfaction by A. M. Hughes druggist.

Will Grow Tobacco.

There will be more tobacco raised in Fayette this season than in many years previous. The high price reached for the Burley leaf during the past few weeks has encouraged farmers, and many immense fields that have been in bluegrass for grazing for several years back will be this season put in tobacco. Nearly every farm in Fayette county will raise some tobacco this season, and many breeders of fine cattle and horses are sparing at least a portion of their farms for tobacco.—Courier-Journal.

To Cure a Cold in One Day.
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box 25 cents.

Agents of W. R. Hearst endeavored to lease an entire hotel in St. Louis for the national Democratic Convention. Failing to do this they have secured all the available rooms in three hotels, and Mr. Hearst's bill for room rent will be \$3,500 a day during the convention to say nothing of the eatables and drinkables that the bill furnish.

Resolutions.

Louisa Lodge No. 117 of the Mutual Protection Society in lodge assembled March 31, 1904.

Whereas, the City of Louisa and vicinity have been the scenes of all manner of violations of the law during the past twelve months, therefore, be it Resolved, That we petition Prosecuting Attorney Waugh to use every effort within his power to convict the guilty ones—Be it further Resolved, That he shall have the hearty support and co-operation of every member of this lodge.

Be it further Resolved, That a copy of these resolutions be sent to the Big Sandy News for publication, copies to all subordinate lodges of the Mutual Protection Society within the County, and that a copy be presented to Mr. Waugh by a Committee to be appointed by the President.

"Any member of this Society who shall knowingly sign or procure, or furnish or aid in furnishing bond for any person who has been convicted in the Courts of this city, county or state of a penal or felony charge two or more times, shall be deemed guilty of an offense and prosecuted under the Code of Procedure provided in the General Laws of the Order."

Robbed The Grave.

A startling incident, as narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50c. guaranteed, at A. M. Hughes drug store."

VESSIE.

Farmers are busy sowing oats and plowing for corn. Provender is very scarce here and some of the farmers have turned their cattle on the sod to shift for themselves. Mrs. Samantha Shortridge has been very sick for some time with heart trouble. The infant child of Mr. and Mrs. C. T. Miller has been quite sick for several days.

Mrs. John Belcher, of Ratcliff, has moved into the house with her father, Charley Neal.

J. B. Webb, of Glenwood, was here Sunday to see his sister, Mrs. Shortridge. Prof. Joel Cunningham is happily domiciled in the Miller Gap and says he is going to stay for four years.

Walter Miller and Isaac Cunningham made a business trip to Fullers Monday. Isaac Cunningham had a severe sick spell last week, but is considerably improved.

Mrs. Ed Queen is reported sick. Messrs. Arthur Justice, Leo Thornberry and Wirt Savage were calling on friends on Little East Fork Sunday.

Elisha Webb, of Caney, was here Sunday the guest of Miss May Belcher. Mr. Doty, of Carter county, was at J. H. Woods' Sunday.

George Barrett spent several days recently at Denton with his brother.

Wm. Howell made a business trip to Louisa last week. Miss Martha Barrett, of Indiana, who has been visiting friends here for several weeks will return home this week.

Rev. W. H. Sergeant preached a very able and interesting sermon at Trinity Sunday.

Roscoe Shortridge, becoming weary of the monotony of farm life, left the parental roof for more inviting fields. He is, at present, at Rend, W. Va., where he has a lucrative position. He is a boy of excellent habits and will make his way in the world.

Cale Arthur is moving his saw and grist mill from Sulphur Spring to the mouth of Long Branch where he has some sawing to do.

A Thoughtful Man.

M. M. Austin of Winchester, Ind. knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at A. M. Hughes drug store.

The Republican Committee of the Tenth district met at Paintsville and called a convention to be held in Mt. Sterling on Monday, May 2. County conventions will be held on Saturday, April 23. There are only two candidates for delegate, H. Green Garrett, of Clark, and Dr. Bowling, of Pike county. R. H. Wain, and J. A. Wallace, of Irvine, are candidates for district chairman to succeed J. E. Buckingham.

WOMEN AFFIRM THAT Pe-ru-na Is Especially Adapted to Their Difficulties.

Miss Belle Gussalls, No. 208 Seventh Avenue, Cedar Rapids, Iowa, writes as follows of Pe-ru-na: "I can thank your medicine for curing me of chronic catarrh, with which I was afflicted for five or six years. Independent of curing my catarrh, Pe-ru-na has wonderfully improved my general health. Pe-ru-na is a wonderful medicine. I cannot speak too highly of it. A woman free from catarrh of some organ is a rare case. Catarrh spares no part. A mucous discharge means catarrh and it also means waste, weakness and complete wretchedness. Pe-ru-na is the only cure." Miss Maude King, the well known New York contralto, says: "Pe-ru-na, to my mind, is especially adapted to women, and I recommend it to them heartily." Catarrh book sent free by Dr. Hartman, Columbus, O.

Farmers Raising Goats.

A number of our farmers have begun raising goats. It is claimed for them that they are more profitable than sheep. They are letter foragers, kill briars and noxious bushes and they are most prolific and increase with great rapidity. Some of our farmers have purchased the Angora goats which are very valuable as wool producers, besides as goat for mutton. One farmer, Mr. George Hall, claims to have commenced two years ago with one nanke, and he has only purchased one fine Angora buck and now has a flock of eighteen. Mr. Nat Headley, A. C. Headley and others claim to be well pleased with them as substitutes for sheep. The wool on a thoroughbred Angora is from eight to ten inches long and is of fine texture.—Trigg County Record.

Commissioners Sale.

Ellen Waldeck, Admrx. &c. Jane P. Waldeck &c. By virtue of a judgment and order of sale of the Lawrence Circuit Court, rendered at the January term, 1904, the undersigned will, on Monday, April 18, 1904, proceed to offer at public sale from the front door of the court in Louisa, Lawrence county, Ky., at one o'clock, p. m., the following described property, (or sufficient thereof to produce the sum of \$299.53, with interest from Dec. 7, 1895, and \$20.92 with interest from Sept. 2, 1903, until paid; and the costs herein) to wit: A lot situated in Louisa, Lawrence county, Ky., and known as the "Ten yard lot" lying on the south side of Pike alley and on the east side of Pocahontas alley, at the intersection of said alleys, being part of lot No. 93 as laid down on plat of said town.

Terms.—Sale will be made upon a credit of eight months, bond with approved security being required of the purchaser, payable to the plaintiff. E. E. Shannon, M. C. L. C. C.

A disordered stomach may cause end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are piles and hemorrhoids. The more to be dreaded. The important thing is to restore the stomach and liver to healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by A. M. Hughes.

A Cure for Headache.
Any man, woman or child suffering from headache, biliousness or a dull drowsy feeling should take one or two of DeWitt's Little Early R's at night and morning. These famous little pills are as famous as they are a tonic as well as a pill. While they cleanse the system they strengthen and rebuild it by their tonic effect upon the liver and bowels. Sold by Louisa Drug Co.

Sheriff's Sale For Taxes.

On Monday, April 18, 1904, I will offer for sale, at the court house door in Louisa, Ky., the following property or as much thereof as may be necessary to produce the taxes due the county and state. Terms, cash in hand: 450 acres of land listed by John T. Jones, adjoining Bennet Cox, for tax of 1902, amounting to \$41.52 penalty \$2.49 cost of \$2.00, making total of \$46.01. 200 acres, belonging to John T. Jones, adjoining Marion Diamond, for tax of 1903, amounting to \$28.88, penalty \$1.43, cost \$2.00, total \$32.31. JESSE H. COBBLE, S. L. C.

(Herald)
John L. Patterson transacted business at Webbville, last week.

Miss Grace Layne, of Laynesville, is visiting Mrs. John C. Brown. The condition of Mrs. B. H. Conley is not encouraging to her friends.

Mrs. Alice Rule, of Louisa, is here the guest of Mrs. Helen Webb.

Mrs. John C. Mayo and son, Master John, will return next week from an extended visit to Florida.

Cy M. Preston, of Catlettsburg, was here on business Monday. It is rumored that Mr. Preston will remove to this place.

The condition of Sheriff Ashley Ward is somewhat improved. Mr. Ward has been a very sick man, but is now about to get started on the road to recovery.

Dr. and Mrs. F. M. Williams left Wednesday for Martha, where they will spend a couple of weeks the guests of Mrs. Williams father, Dr. J. J. Gambill.

Jeff Murry, the Galen Postmaster, charged with making false reports concerning the cancellation at his office, was acquitted of the charge in the U. S. Court, at Covington, Wednesday. Attorney D. J. Wheeler, of this city, defended him.

J. P. Mumford, manager Western Union office, this city, has resigned and returned to his home at Lexington. He is succeeded by Mr. Servey, of Ashland. Mr. Mumford, during his short stay here made many warm friends who will regret to learn of his departure.

Chronic Bronchitis Cured.
"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Louisa Drug Co.

Democratic Ticket.

For President in 1904:

JUDGE ALTON B. PARKER,
—OR—
SEN. ARTHUR P. GORMAN.

Announcement.

We are authorized to announce
JAMES N. KEHOE
as a candidate for Representative in Congress from the Ninth District of Kentucky, subject to the action of the Democratic party.

Congress has passed bills authorizing the Vulcan Coal Company and the Williamson Coal Company to bridge the Tug Fork of Big Sandy river.

The Hon. Carl Day, member of the last Legislature from Breathitt county, and the author of the bill prohibiting coeducation of the races in Kentucky, died at Lexington Tuesday.

A severe blizzard, accompanied by a heavy fall of snow, throughout the Northwest the first of the week, blocked trains and prostrated telegraph service. In some places the snow is thirty inches deep.

Representative Dalzell, of the Ways and Means Committee, has assured Representative Trimble that the bill providing for free trade in leaf tobacco will shortly be called up and passed by the House.

In a speech at Barboursville Congressman Hunter stated that he had given bond and board for two years to John L. Powers, a brother of Caleb Powers, who was indicted for complicity in the murder of Gov. Goebel.

Joseph W. Folli's friends say he is assured of the Democratic nomination for Governor of Missouri. He has carried every county that he has held a primary or convention in the past two weeks, and on Saturday he carried every ward in Jefferson City in the face of a strong fight by the so-called State Democratic machine.

Senator Morgan says that the Parker boom means that Hearst and Bryan will not play an important part in the Democratic National Convention. Personally the Senator prefers Gorman as the nominee, but he believes that Judge Parker can bring to his support the Democratic vote necessary to an election.

The old fashioned way that lovers had of "cutting out" their rivals was much to be preferred to the strenuous methods now employed over in Letcher county. An exchange says: "We learn by the 'grapevine' telephone that two young ladies of Letcher county, fought a duel with razors for the love of a young man named William Rogers. Both of the girls were badly cut, but will recover."

Ayer's

You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted Sarsaparilla.

It. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

It. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

It. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

HAGER HILL.

Rev. French Rice of your county has been in our midst the past fortnight doing church and parsonic work. After the quarterly meeting at Auxler chapel and services at other points on the circuit, he organized a Sabbath school at this place. Rev. R. E. Robinson Supt. and A. S. Loelle assistant. Considered all round, this is one of the very best neighborhoods in the Sandy Valley and should support an excellent Sunday School. To this end we need only a united front—a brotherly pull all together. Judge Rice's stand on whisky and pistol cases has caused a marked change. Who is so dull and ungrateful as not to appreciate intelligent, fearless, conscientious public service. More quibbling about nonessentials is hardly worth while. We may say in passing that partisan local politics is about the cheapest article that ever controls grown men.

If this end of the country is entitled to any consideration at all we should have a bridge at Flat Rock, no argument is necessary. Any one should know that much. The public road should be changed just south of Hager Hill church house, so as to avoid two crossings within a quarter. School children and church goers now have their choice between trespassing upon two farmers or wading the creek. This is the most unreasonable bit of road locating any where near here. Pay the damage, if any, and give us a chance to get to school and church service.

Hon. Wm. Greer of East Point is critically ill of typhoid. The two cold nights succeeding Easter has left us a fair prospect for peaches, though they were in full bloom. With fruits in general the outlook is hopeful.

Our farmers have sown more than the usual crop of oats, and they were in very early.

The piece of road which was impassable last year, near Mrs. Hagers has given no trouble this winter. Drainage did the work. We defy any one to show us a muddier piece of road which could not have been kept good by the least labor at the right time. Will we ever use any care in this matter? the loss is astounding.

We are informed that Rev. R. E. Robinson, Enock Robinson, Abe Fitch, Dick Rice and Mrs. Fitch have bought musical instruments the past few days, of the Estey Co.—Mr. Harris Agt.

Your excellent writer of East Point gave good advice last week on improved farming. Not one family in ten on Big Sandy has any fruit worth naming. They will actually ridicule the man who plants.

A learned government pomologist gives the opinion, based on statistics, that a judicious orchard investment will amount to one hundred times as much as the best life insurance at the end of twenty years. Yet insurance agents are very properly doing a nice bit of business.

Your printer omitted to mention the new girl at Adrian Davis', Sherman Blair has a new girl baby also.

IRAD.

COAT SUIT AND RAINCOAT PRICES BOLDLY CUT.

The present backward season has made a great many hesitate in buying and consequently our selling has been similarly affected. Apparel this week an full bloom very soon and it will all come at once. We anticipate a large number of calls for Spring wearing apparel next week and have prepared these prices to make shopping all the more attractive.

In doing it, we make a reduction that we never made before, at the beginning of the season. Just think of the situation—seasonably goods—large and stylish assortment of the very finest makes, with prices that make them exceedingly desirable

In The Coat Suit Department.

There is an extensive collection of very worthy material—the finest makes we could buy—all the Printzess manufacture, which every woman recognizes as a "quality mark" on any garment. We have Broadcloths, Etamines, Cheviots, Mixed Novelities and Voiles with silk drop skirt. Perfectly tailored suits, beautifully trimmed throughout, having jackets and sleeves taffeta and satin lined. These suits have the latest fashion cut which is ever a characteristic of the Printzess kind. We reserve nothing—our entire new stock is effected. Sizes from 32 to 44. Here are our prices:

\$30.00 and \$35.00 Coat Suits for \$22.75
25.00 and 27.00 Coat Suits for 18.00
20.00 and 22.50 Coat Suits for 14.75
15.00 and 18.00 Coat Suits for 10.75
12.50 and 13.50 Coat Suits for 7.75

In The Raincoat Department.

Values are surprisingly low—at the proper time, too. April showers will be many, and you'll need a water shed. Wear a cravatette—the combination wrap and rain-proof garment. Absolutely water proof, exceedingly comfortable and has full stylish finish. Your choice of Greys, blacks, browns and fancy mixtures—made with cloth and velvet collars—some collarless. Furnished with three-fold caps and cloth belts. You will find the Priestly cravatette and other rain-proof materials in this lot. Here are our prices:

\$22 and \$25.00 Raincoats for \$15.00
\$15 and \$18.50 Raincoats for \$10.00
\$10 and \$12.50 Raincoats for \$7.50

Treasury Department—Office of the Comptroller of the Currency.

Washington, D. C., Jan. 27, 1904.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "The First National Bank of Louisa," located in the City of Louisa, in the County of Lawrence, and State of Kentucky, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking;

Now, therefore, I, Thomas P. Kane, Deputy and Acting Comptroller of the Currency, do hereby certify that "The First National Bank of Louisa," located in the City of Louisa, in the County of Lawrence, and State of Kentucky, is authorized to commence the business of Banking as provided in section fifty one hundred and sixty nine of the Revised Statutes of the United States. Conversion of the Bank of Louisa.

In testimony whereof witness my hand and Seal of office this twenty-seventh day of January, 1904.

The officials in Carter and Lewis counties have had a survey made of the lines from the beginning of a point in Elliott county and running to the north point of the lines given in the boundary of Beckham county. The survey made by Carter county did not come up to Briary creek by nearly two miles, and this caused a reduction of nearly two miles on the north end of the line in Lewis, which line stopped on the farm of Peter Kelley, about one mile from the Ohio river and about four miles west of Vanceburg. The survey shows that Vanceburg and a very large portion of Lewis county are included in the boundary given in the act creating Beckham county.

Death of George L. Hazelton.

By the death of Mr. George Hazelton which occurred at his late residence on Lock avenue shortly after noon last Sunday, Louisa lost a most excellent citizen. He was taken sick last November, shortly after the death of his father, and in spite of all that could be done to restore him to health he grew steadily worse until death closed the scene.

Mr. Hazelton came to Louisa about six years ago as clerk in the United States Engineer office at this place, which position he held until failing health compelled him to leave the office. He was a first-class man for the position, being a fine penman, an expert accountant, familiar with the work and routine of the engineer office in all its departments.

The malady of which Mr. Hazelton died was the rare and incurable one known as Addison's disease.

Mr. Hazelton came to Louisa an entire stranger, but such were his many admirable traits of character that he soon made many friends. He was very genial and companionable, fond of music and society, and his hospitable home was even open to his host of relatives and friends.

In the home circle Mr. Hazelton was a model husband, father, son and brother. It was in the house of the son that the aged father sickened and died, being ministered to by filial hands, and in this same house the widowed mother was tenderly watched and cared for by the son taken from her while yet in the prime of his early manhood. The comfort and happiness of his family were always uppermost in Mr. Hazelton's mind.

He died as above stated on Sunday last, and on the following day the body was taken to Cincinnati where he was born about forty-seven years ago. It was accompanied by his widow, his aged mother, his daughter, Miss Myra, and his sister Miss Laura Hazelton. Mr. B. F. Thomas also accompanied the family. The News is informed that the future home of the family will be in Cincinnati. Thus by death and removal Louisa suffers a great loss, and we voice the regret of the community on account of Mr. Hazelton's decease and the departure of the bereaved family from our midst.

A. S. Weller, the dentist, was arrested last Friday as he was about to leave Louisa. The charge upon which he was taken into custody was burning his furniture in the Snyder house on Lock avenue. An account of this fire was published last week. "Squire" Giles, of Webbville, was selected to preside at the examining trial, which was held in the court house that evening. A large crowd was out to hear the trial. The evidence offered was circumstantial, and "Squire" Giles decided that it was not sufficient to hold the accused and he was discharged. Weller left the next day for Jackson, Ohio.

Ladies, watch for a Great Skirt Sale which will begin Saturday morning, April 16, and end Friday, the 22nd. The low prices will surprise you very much on the skirts during that week. We are doing this in order to make room for our wash good, which will soon begin to arrive. Every skirt will be marked in plain figures. It will surely pay you to buy a skirt during this sale, whether you need it now or not. Will also give big reductions in all our merchandise during that week. Just call and see if we do what we advertise.

J. H. Cummings has returned from New York and reports the condition of his brother, Arch, somewhat improved.

LATER: The attending physician says the condition of Mr. Arch Cummings, in New York, is hopeless, as he is in an advanced stage of pulmonary tuberculosis.

Capt. James Herron will take charge of Torchlight mines as Superintendent. He will occupy one of Mr. Burns' houses on lower Franklin street, in Louisa, as soon as repairs are made. He and family are now visiting Rev. Valentine, Newcomb & Carter's ad. in this issue.

The two-year-old child of Chas. Holbrook fell from a second story window at Blaine a few days ago, and was not injured in any way. The report says the child got up and went to playing as though nothing unusual had happened.

If any lady reader of this paper should think of getting Spring Suits they would profit by reading Valentine, Newcomb & Carter's ad. in this issue.

Resolutions of Respect.

Brethren, again and again the outer door is alarmed and a brother goes to the silent chamber, from whose borne none returns. Some are the prey of long and wearisome disease and others are worn out by weight of years, so that the going is but the happy release from the burdens of life. Again the alarm has sounded. In this instance it called one, our brother, Alexander Lackey.

Bro. Lackey was a Free and accepted Mason. His last journey is completed. He has finished his work and gained his eternal home. He leaves with us the memory of his many sterling qualities, and his true manhood will ever command our tenderest regard and highest admiration. Yet we shall miss the kindly word, the cheerful greeting, and the hand that was ever ready to assist the needy and destitute.

To his bereaved wife and family we offer the sincere sympathy which springs because of brotherly affection from the hearts of all the members of Apperson Lodge No. 195, F. & A. M. and commend them to Him who has promised to be a husband to the widow, a father to the orphan and a very present help in trouble.

We mourn the loss of our departed brother, and this tribute is an individual expression, as well as the expression of the entire lodge, of the sense of the great loss we have sustained.

We recommend that the above become a portion of the records of this lodge, that copies be sent to the bereaved widow and family, and that they be published in the Big Sandy News; and that the lodge room and furniture be draped with the emblems of mourning for thirty days, and that in token of the respect we have for our deceased brother the members of Apperson lodge are requested to wear the usual badge of mourning for thirty days.

Big Loan to C. & O.

New York, April 5.—The Chesapeake & Ohio Railroad Co. has sold to Kuhn, Loeb & Co. \$4,000,000 of two year notes bearing 5 per cent. interest. The price paid for these notes is not disclosed. The transaction in effect is nothing more than a loan to the railroad company.

Pike County Shootings.

Williamson, W. Va., April 12.—In a "blind tiger" across the line in Kentucky and only a few miles from here, Sid Harris, of Williamson, shot and killed Will Ross, also of this city. The shooting was the result of a fight over a woman, Harris escaped.

Rudolph Sword shot and killed Will Bradford in a county store four miles east of Pikeville, in Pike County, Ky., yesterday evening. Six years ago Bradford it is alleged, ran away with Sword's wife. She lived with Bradford about five months, it is said, and then returned to her husband. She has since been living with her husband. Yesterday Sword and Bradford met for the first time since Sword's wife returned to her home. Sheriff Will Smith, of Pike County, and a posse of 15 deputies pursued Sword and ran him to cover in a coal bank. Sword fired all but one of his remaining cartridges at the posse. With the last bullet Sword ended his own life by shooting himself in the temple. None of the missiles fired at the posse took effect.

To-day the sheriff went out to hunt on his farm and while climbing over a fence 10 miles east of this place his gun accidentally discharged. The shot penetrated his left breast, and the reports are conflicting as to how serious the wound is. Smith is one of the wealthiest men in Pike county.—Enquirer.

Rural Route Law.

"Whoever shall hereafter willfully or maliciously injure, tear down, or destroy any letter box or other receptacle established by or under the Postmaster General or approved or designated by him for the receipt or delivery of mail matter on any rural free delivery route, or shall break open the same, or willfully or maliciously injure, deface, or destroy any mail matter deposited therein, or shall willfully take or steal such matter from or out of such letter box or other receptacle or shall willfully aid or assist in any of the aforementioned offenses, shall for every such offense be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than three years.

Rural Delivery and Bad Roads.

Senator Simmons, of North Carolina, has secured the adoption of an amendment to the Post-office Bill which will be a great deal of interest to sections of the country where road conditions are not of the best. The amendment to an extent takes away from the agent of the department the right to report against the establishment of a route on account of the bad condition of the roads. It is provided the agent examining the proposed route can find carriers who are willing to undertake the delivery of mail the route shall be established. It is complained that agents frequently turn down routes without justification.

Death From Hydrophobia.

A little son of James Liming, age five years, died at Cherokee, this county, from hydrophobia a few days ago. He and a sister about two years older were bitten by a mad dog about three weeks ago. Hydrophobia developed in the little boy and caused his death after great suffering. No evidence of the disease has shown in the little girl as yet, but the family and friends are very much worried for fear it will develop later.

This is the first death that ever occurred in Lawrence county from this terrible disease. Mr. Liming is one of the substantial citizens of that section.

Record of One Cow.

The fine report made by Mrs. E. Arnett in our last issue from the proceeds of milk and butter from one cow has brought forth another case of much interest. Mr. and Mrs. G. B. Chapman, of this place, have kept a strict account of the proceeds from sale of butter and milk from one cow and the results are surprising. The sales from the first of last July to the first of this month amount to \$119.05. No account was kept of what they used themselves. In the month of August they sold 36 gallons of sweet milk and 26 pounds of butter.

William H. Jayne, who was sent to the Asylum at Lexington a few weeks ago, is, we are pleased to note, at home again, and appears to be mentally all right again.

Judge Rice sent for him last week and brought him back from Lexington, and believing that he has so far recovered that he should be again entrusted with the management of his business affairs, had a jury empaneled to pass on his mental condition. After hearing the evidence in the case, the jury decided that he is now mentally sane. Thereupon Judge Rice made the necessary orders removing his committee, and restoring to Mr. Jayne management and control of his property and business interests.—Paintsville Herald.

Farmers Raising Goats.

A number of our farmers have begun raising goats. It is claimed for them that they are more profitable than sheep. They are better foragers, kill briars and noxious bushes and they are most prolific and increase with great rapidity.

Some of our farmers have purchased the Angora goats which are very valuable as wool producers, besides as goat for mutton. One farmer, Mr. George Hall, claims to have commenced two years ago with one nannie, and he has only purchased one fine Angora buck and now has a flock of eighteen. Mr. Nat Headley, A. C. Headley and others claim to be well pleased with them as substitutes for sheep. The wool on a thoroughbred Angora is from eight to ten inches long and is of fine texture.—Trigg County Record.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens action, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy.

The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. PROSPERITY.

Died, on Tuesday of last week

Elizabeth Moore, the wife of William Moore. She leaves a husband and two small children and a host of friends to mourn their loss. But we can only say that our loss is Heaven's gain.

Born, April 4th to the wife of Mont Rose, an 8-pound girl. Mont is stepping high.

Good working is all the go now. Green Wellman has postponed his saw set until next fall.

Trinie Roberts and sister Susie were visiting on Brushy last Sunday.

James Carter and wife were visiting on Irish Creek Sunday.

Millard Rose has gone back to W. Va., for the summer.

Married, last Saturday week

uncle Bob Kelley to a Mrs. Webb. The bride is 28 years old and the groom is about 65.

George Carter gave a nice party last Saturday night and all report a nice time.

Mont Rose's coat was hung high and dry for an April fool which he found in a tall hickory tree.

Mr. Compton had Prosperity is building him a new house and garden this spring.

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

Ulysses.

Several parties from this place attended the Easter entertainment at Charlie Sunday and report a good time. F. N. Compton, the artist, is usually on hand catching shadows and making photos, with which his patrons are much pleased.

Mrs. Mary Hannah and daughters, Misses Della and Virgie, visited relatives on Lost Creek Monday.

Zona Castle, a soldier boy from this place, came home on a brief furlough recently. He had been in the Philippines for almost 3 yrs. but is now stationed at Columbus, Ohio. Every one is glad to see him.

Married last Thursday William Borders and Miss Nora Smith, daughter of Rev. Leander Smith, both of this place. They are excellent young folks and we extend congratulations.

Several persons have recently moved from here to London, O. Marion Borders and family, Will Pennington and family and Naaman Borders and family have gone there. They are good people and we regret to lose them. Wm. Borders and bride have moved into the house vacated by his father, Marion Borders. Frank Allen, our merchant has moved into the house vacated by Pennington.

Wm. Scarberry has moved from Lost Creek to Georges Creek where he contemplates farming this summer.

Sanford Chandler has moved to the head of Georges Creek for the purpose of saving ties and lumber. Monroe Pack now occupies the residence vacated by Chandler.

Winfield Stambaugh, of Johnson county, bought some fine cattle from our neighbors recently. Also, Andrew Austin and Ben Brown have been dealing in cattle and horses here of late.

The infant child of Henry Bowen and wife died a few days ago.

Instead of joy and gladness Easter morn brought sorrow and sadness to the hearts of Grant Hall and wife, of Lost Creek, on account of the unexpected death of their infant child, which was about three months old and very strong and healthy. We extend condolence to each of the above bereaved parents.

The recent births at this place are to Fred Miller and wife, a girl; to Mike Davis and wife, a girl; to Ed. Boyd and wife, a boy. Ed. is a very much elated over the addition of an eighth son to his family and says he has christened him "Tommy" Thompson. He says he is
